

# OAKCREST CHAPERONE INFORMATION

Central Busing Location/LDS Church  
5735 Fashion Boulevard Murray, UT

Thank you for helping us chaperone the young women from your stake to and from Oakcrest. We couldn't provide the bus service without your help. We really appreciate your time and effort. The trip to Oakcrest and back will take about 3 hours. You will not be able to bring infants or other children. You may want to bring some water and have something to do or read on the bus. Please do not bring treats for the girls or yourself to eat on the bus. Some of our campers have severe allergies and cannot be exposed to certain food allergens. Please dress modestly and bring your cell phone. A sweater or light coat is also a good idea. Please note that **chaperones must return on the bus**. They are not permitted to stay on Oakcrest property.

## Monday Chaperone Responsibilities

Meet at the central location by **7:45 a.m.** Look for your stake flag and check in with your stake contact.

Report immediately to your bus as soon as it arrives.

Direct the girls to load their luggage and sleeping bag in the undercarriage. They can take their backpack and pillow with them on the bus.

Collect bus tickets from each girl getting on your bus. Make sure each ticket has the correct bus number written on it.

Make sure each camper is dressed appropriately for camp (no shorts, dresses, capris, leggings, sleeveless shirts or sandals). If they are dressed inappropriately, they must change before loading.

The chaperone must sit in the reserved seat at the front of the bus.

Before the bus leaves, an Oakcrest Women's Committee member will get on to make announcements and offer a prayer.

After the girls get off, check the bus for lost items and trash. Take the lost items to the lost and found (a member of the staff can show you where this is located) and throw away any trash.

Return with the other chaperones on a single bus back to the central location.

Please encourage everyone on the bus to be courteous and respectful to the driver and to each other. If there are unexpected problems with the bus, please reassure the young women and maintain a positive and patient attitude while the driver attempts to remedy the situation. Thank you again for your help!

**Oakcrest Transportation Representative**

## Friday Chaperone Responsibilities

Meet the other chaperones at the central location by **9:00 a.m.** All chaperones will ride on one bus to Oakcrest.

Once at Oakcrest, divide up among the buses, with at least two chaperones per bus, as you wait for the campers to finish up with their private closing ceremony. Do not wander the camp or go to the closing ceremony.

Campers will not be assigned buses for the trip home, so ask your driver how many girls the bus can accommodate, and count the girls as they load. The buses only allow 2 girls per seat.

Direct the campers to load their luggage and sleeping bag in the undercarriage of **THE BUS THEY WILL BE RIDING HOME IN**. They can take their backpack and pillow with them to their seat

Once they are settled, use the loud speaker to announce that when the girls arrive, they should quickly get all their luggage and move to the grass to wait for their rides. Also, please tell them that the park bathrooms will be open but not the church bathrooms. Remind them not to eat on the bus.

After the girls get off, check the bus for lost items and trash. Take the lost items to the grey lost and found bin by the satellite dish, and throw away any trash.

Friday chaperones must remain at the central busing location until **ALL** young women from **their stake** have been picked up.

Take any unclaimed luggage that is marked with your stake's colored tape back to your stake leader.
