

## Laurel Buddy Responsibilities

(Please copy and give to all Laurel Buddies.)

**A Laurel Buddy's primary responsibility is to stay with and assist her assigned camper at all times under the direction of the counselor. This may include the following:**

- Helping camper get to the activities and making sure she stays with her assigned counselor group.
- Helping camper to communicate appropriately with other campers in the camp.
- Assisting with any physical or emotional needs of the camper, as requested by her parent(s).

We strongly suggest that Laurel Buddies meet with the parents of their campers to understand all the needs that might arise and how best to help them at camp.

Because of the limited time allowed, Laurel Buddies may not have the opportunity to participate in all activities. Campers will be given first priority.

Thank you for providing this service to our special needs campers. They would not be able to come otherwise!
